

**Bio:**

I have been following soccer for approximately 14 years. My son Jake Medina played for teams in Bakersfield, Hollister, and Santa Clara, California. While residing in Florida, he played for Vierra High School and Space Coast United.

Youth sports play a crucial role in the development of our adolescents, teaching discipline, teamwork, determination, and perseverance. I want to ensure that this soccer club continues to thrive for decades to come, as it is a stepping stone for the future of these kids.

My tenure in San Benito County saw me elected to the Board of Supervisors for two terms, with a year as vice-chair and two years as chair. This experience in governance, coupled with my background in finance, accounting, operations, and marketing, equips me with a unique perspective on how a board should function effectively. I am well-versed in 'Roberts Rules' and understand the importance of professional conduct on and off the field, as the board represents the club.

My personal mission is to expand the club's membership while upholding its core values. I am committed to ensuring that the club thrives for years to come, serving as a foundation for the future of our young players.
